Dear Mr. Dulles,

It was most gracious of you to receive Leslie Harris and me in your office last week. We regret that it was not possible for you to permit C.I.A attribution to our proposed Television series, but we fully appreciate and completely respect the reasons why it was not possible for you to do so. We very much hope that we will be able to undertake this joint project at some future date when circumstances permit it.

It was a genuine pleasure to see you again and I was delighted to find you looking and feeling so fit.

Sincerely,

M. B.

MICHAEL BURKE
