Dear Allen:

On June 26th Harpers will publish for the Council "Nuclear Weapons and Foreign Policy" by Henry Kissinger. I send you, herewith, an advance copy of the book with the Council's compliments.

As you know, this volume is the result of two years work of the study group which was presided over by Gordon Dean. Those who have read the manuscript have spoken of it in the highest terms. I hope you will have time to read the book yourself. It is not just for the specialist, but treats of the greatest problem that faces the country today -- a problem of primary importance to every citizen.

Sincerely yours,

Walter H. Mallory  
Executive Director
