April 29, 1961

Mr. Allen W. Dulles
C.I.A.
Washington D.C.

Dear Mr. Dulles:

In the past few days we sent you an invitation as Guest of Honor to the tribute that the Cuban Employees in Exile will give, honoring the United States Government, The Civic Governments of Greater Miami and Hotel Fontainebleau in grateful acknowledgement for the kindness shown to us.

This is not just one more public act, it is a responsible meeting and high officials of the United States Government, Industrialists and American People in general have been invited. We are also soliciting the presence of Diplomatic Representations in the United States, since important announcements will be made regarding the Cuban situation and the indifference, if we should say so, of the Latin American Countries to the crisis existing in the American Continent.

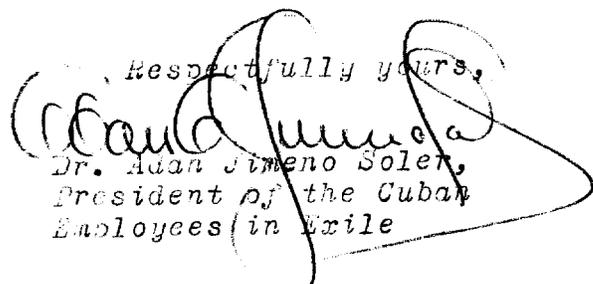

It is now time to decide as to which path to follow, with Russian Communism, which has taken over the country of Marti and Maceo, or with the American Democracy. We are definitely in favor of the second.

If something is not done, America will one day, for its treason towards the truth of Cuba, will be taken also before the firing squads created by the communist in our Country.

We will ask your Government, The American People and the free countries of the world, their strong solidarity towards the decisions that will be taken by the Congress and your Government.

For all the above, your attendance will be highly appreciated by all the Cuban in Exile.

Respectfully yours,

Dr. Adan Jimeno Solex,
President of the Cuban
Employees in Exile
