General J. A. Anderson
Commissioner of Highways
Richmond, Virginia

Dear General Anderson:

I regret very much that I was unable to meet you at the Bureau of Public Roads Research Station to discuss plans for the proposed new headquarters building for the Central Intelligence Agency when you were recently on an inspection tour of this general area. Colonel White has advised me of your discussion and I am most appreciative of your cooperation in this matter.

If it would be convenient for you I should like very much to fly down to Richmond and have lunch with you some day in the not too distant future. I shall be out of town during the coming week, but if it is convenient I could arrange to come down sometime shortly after my return. This project is, of course, extremely important to the Central Intelligence Agency and I feel that it will also be an asset to Fairfax County and greater metropolitan Washington.

In connection with your planning for roads, if there is anything at all that we can do at any time, please feel free to get in touch with me or Colonel White and we shall be pleased to cooperate in every possible way.

Sincerely,

Allen W. Dulles
Director
