CONFIDENTIAL

28 November 1952

MEMORANDUM FOR: DIRECTOR OF CENTRAL INTELLIGENCE

SUBJECT: Material provided by Senator Fulbright

1. Several elements in my staff have found [Redacted] analyses of the German scene to be useful as a yardstick against which to evaluate other estimates of the situation. It is suggested that Senator Fulbright encourage [Redacted] to continue sending his reports since [Redacted] might well produce some material of special value not available elsewhere to CIA.
