Mr. Stephen J. Spingarn
Assistant General Counsel
Treasury Department
Washington 25, D. C.

Dear Mr. Spingarn:

It was very flattering of you to propose that I address the national Counter Intelligence Corps convention in Chicago on August 7th, and I am most happy to accept. Although the field of the Central Intelligence Agency is not the same as the Counter Intelligence Corps, it, of course, does have a very close relationship to it.

At a later date I hope that you will give me any more information as to the exact time and also any changes that may occur.

Sincerely,

Signed

R. H. Hillenkoetter
