24 May

A woman named Mrs. Charles called Mr. Helms' office this afternoon to say that a young friend of hers by the name of Bill Wainwright was trying to get an appointment with General Walters on a problem concerning Indochina. Mrs. Charles was calling to request that someone from the Agency see him.

Elizabeth called me to ask if anything had been set up before she brought this to Mr. Helms' attention. I told her that it was being worked out for the General to see Wainwright Friday morning. Appointment is set for 1015 in the Pentagon, room 2E464 (General Davidson's office) following General Walters' 1000 appointment with General Davidson.

Mrs. Charles attended dinner dance recently hosted by Mr. Helms. Possible that she met General Walters there.

General Vernon A. Walters,  
Deputy Director,  
The Central Intelligence Agency,  
Washington, D. C.

Dear General Walters:

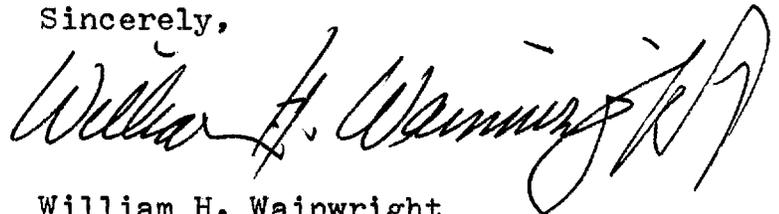

I shall be in Washington next week and would very much like to have the opportunity to meet with you to discuss a matter related to my recent efforts to gain access to the French military archives in Paris. I spent four weeks there early last month and in late March completing interviews and research for the book which will be published from my doctoral dissertation on General de Gaulle's policy toward Indochina.

My schedule in Washington is being handled by the office of Congressman Thomas F. Railsback. If you are able to receive me next week, would you be kind enough to have the meeting arranged through the Congressman's office?

I shall be very grateful for the opportunity to speak with you again.

Sincerely,

William H. Wainwright
