No action

Lt. Gen. Vernon A. Walters, U.S.A.
Deputy Director of Central Intelligence
Washington, D.C.

Dear Gen. Walters:

The Associated Students Speakers Program of the University of California at Los Angeles has successfully brought before this student community political and cultural spokespersons from every possible point of view in discussion of popular ideals and the central issues of our times.

As one who has offered so much of your life to the fulfillment of personal philosophy for the benefit of our struggling society, we believe that you would do us honor to appear at UCLA for a speaking engagement. Your appearance would also give the students a rare opportunity to participate in a dialogue with the very people who are currently helping to shape our culture and times.

The recognition of UCLA as the educational center of Southern California and its enrollment in colleges and schools of well over 40,000 students make UCLA's podium ideal for the dissemination of any point of view. The Speakers Program has attracted 130,000 people over the past three years and we look forward to continuing in this successful vein.

We are presently planning our calendar for October through May and we would be happy to schedule your appearance at our campus anytime during this period.

We look forward to hearing from you soon and hope that we will have the pleasure of welcoming you to UCLA.

Respectfully yours,

Daniel Stern
Director
Associated Students Speakers Program
