Dear General Walters,

I wish to express my appreciation for your participation in filming the politico-military simulation KAPPA 74. Your insight and candid expression of United States national policy contributed significantly to the successful panel discussion.

The film processing will be completed by mid-September 1975, at which time the film will be forwarded to you for approval. Subsequently it will be made available for briefings to the Executive Community and to the Senior Service Schools for the politico-military simulation portion of their curriculum. All reports indicate that this promises to be one of the most valuable films produced to date in the politico-military simulation program.

Once again thank you for your important part in producing this valuable training vehicle.

Sincerely,

HARRY D. TRAIN, II
