ATTORNEY AT LAW

STAT

September 2, 1975

Lieutenant General Vernon A. Walters  
Deputy Director of Central Intelligence Agency  
C.I.A. Offices  
Washington, D.C.

Dear Sir:

I was a delegate from Post 2511 of the Veterans of Foreign Wars at the Los Angeles convention and as such attended all business meetings.

I heard the General speak on August 20, 1975. He referred to a section from a Chinese book of 2500 years ago, which gave the author's views on the best way to conquer an enemy nation.

For years I have been trying to warn our people about that very thing. That quotation would help me very much.

I would appreciate it if the General were to send me a copy of that section, or the name of the book where it appears, giving enough information that I will be able to locate it.

I thank you for your attention and help.

Very truly yours,
