Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Coordination, Operations and Policy Staff

DATE:

FROM : Chief, Inspection and Security Staff

SUBJECT: Joint Staff Assistance to National War College Faculty.

1. The enclosure has been reviewed and is not concurred in. It is recommended that consideration be given to forwarding a reply as follows:

1. It is believed that the dissemination of intelligence to the National War College lies wholly within the security responsibilities of the Joint Chiefs of Staff (through the JIC (and through the departmental intelligence agencies) and does not require concurrence by this Agency. In connection with disseminations of intelligence (in which CIA information may be incorporated) this Agency realizes that your policy will accord with the established security policies of government based upon "need to know" and to U.S. officials specifically cleared by an IAC agency for the classification and category of intelligence to be disseminated.

2. However, if and when any doubt arises concerning security implications involving CIA information, please feel free to have members of your organization consult with this Agency.

3. It is understood no information received directly from the Department of State is used in the preparation of Joint Intelligence Committee estimates. It is believed unnecessary, therefore, to obtain the concurrence of the Director of Intelligence and Research, Department of State.."
