STAT

After four years at [redacted] I thought it might be interesting to try the government for a new job. I am not absolutely determined to work for the government, but one of its departments might have just the thing I am looking for. Actually the only exact specifications I have are that the job must be concerned with international affairs, and must involve some contact with people. I like people and I am a little tired of my ivory tower.

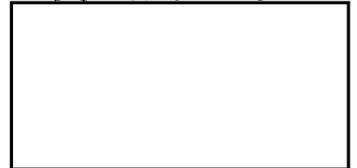

STAT

In any case I have filled out dozens of "form 57s" and I wonder if you would object if I put your name down as one of my references? I am enclosing a summary, or rather job description, of my work at the Foundation.

I plan to take myself and the forms down to Washington next week. I don't believe I'll have the chance of seeing you then since I know you are very busy, but we all expect and hope very much to see you and [redacted]

STAT

Sincerely yours,

STAT
