Major General John E. Unston, USAF (Ret)
20 Newhall Drive
San Rafael, California

Dear Jack,

Of course I remember you from your days with the Supply and Special Projects Group of the War Productions Board and I had occasional glimpses of your progress during the war. It is nice to hear from you again.

Respecting [redacted] I cannot add to the letter sent him by our personnel people. We simply have nothing for him on the part-time basis he suggests. I would say that any man who has so selflessly devoted himself to public service as [redacted] has in San Rafael since the war needs have no fear that he is doing less than his full duty. I do appreciate his offer and regret that we cannot take advantage of his services.

Sincerely,

SIGNED

Walter B. Smith
