Dear Gus:

Thanks very much for your clipping from the Panama American. It is very pleasing to know that somebody thinks a little highly of us anyway.

I hope you are having a fine time in Panama. I should like to be back there with you in that stamping ground.

Best regards to your family and yourself.

Sincerely,

Dear Roscoe-

I am enclosing a clipping from The Panama American of Saturday 17 April 1948. I thought you might be interested in seeing it, in case it has not been brought to your attention.

You surely had Bogota well "cased", too bad you had to reveal so much for the world to know.

In the meantime, my best wishes to you for continued success in your endeavors. Kindest regards to you and yours.

Sincerely

Lisa Widner
