Agenda Item No. 3 - Progress Reports on Current Work

1. Soviet Orbit Escapee Program Legislation

The Board took the following action on the DPC draft bill "Special Migration Act of 1952" on which the Budget Bureau had asked PSB to comment by Friday, March 28:

The Board agreed to send a letter of comment to the Budget Bureau opposing the inclusion of Title II in the Act. The majority of the Board and the Director agreed that the letter to the Budget Bureau recommend that the Kersten Amendment be changed to avoid any ambiguity as to its defensive military purposes; however, if in the judgment of the Congressional leaders, this change might lead to legislative difficulties, the Amendment may remain unchanged.

The Defense and CIA members and the Director agreed that the letter to the Bureau should state that, in any event, adequate legislation apart from the Kersten Amendment covering the non-military aspects of the program is desirable so that there is no question as to the intent of Congress that these programs are authorized. Language for this purpose was approved.

The Department of State representative wished to have the letter indicate his view that the Kersten Amendment should remain unchanged and that additional language is not desirable.
