MEMORANDUM FOR: CHIEF, COPS

SUBJECT : Procurement of Biographic Intelligence

1. It has been brought to my attention that the Office of Management has recommended a reorganization in OCD which will entail the abolition of the Biographic Register of that office with a concurrent division of the Register's functions between ORE, OSI and the CIA Library.

2. While this office is not concerned with the reorganization of OCD, it is concerned in insuring that the present prompt and efficient services rendered by the Biographic Register be continued under whatever new organization is set up.

3. I trust that you will keep OPC's interest in biographic intelligence in mind in the establishment of any new procedures effecting our acquisition of such intelligence.
