Office Memorandum • UNITED STATES GOVERNMENT

TO : Assistant Director, Intelligence Coordination

FROM : Assistant Director, Scientific Intelligence

SUBJECT: Draft Paper on Budgetary Analysis of Intelligence Programs dated 10 December 1953, for Presentation to the IAC.

1. After careful consideration, this Office has decided not to propose a footnote sub-categorization of scientific and technical intelligence "production" under Paragraph 2(b), Annex A of Tab B of the subject paper.
2. Since the views of this Office were presented without success to the inter-Agency committee drafting the subject paper, I see no advantage in pressing the matter further in the IAC unless the Agency, as a whole, is willing to argue for more meaningful breakdowns under all categories of "production".
3. However, in closing, I again feel compelled to express my feeling that the suggested categories contained in Annex A, Tab B, fall far short of the stated requirements of the Bureau of the Budget. I trust that the failure of the IAC to provide the Bureau of the Budget with more meaningful categories will not react adversely on the intelligence community in general nor upon the Agency in particular.
