HEADQUARTERS UNITED STATES AIR FORCE

WASHINGTON

29 June 1948

MEMORANDUM FOR THE DIRECTOR OF CENTRAL INTELLIGENCE

Attention: [redacted]

25X1

SUBJECT: Operational Contact

1. Receipt of your Memorandum dated 21 June 1948, subject as above, is acknowledged.

2. Being cognizant of the control maintained over your personnel who desire to accomplish liaison with the Air Staff, the Air Staff welcomes visits by representatives of your Agency. It is believed expeditious, however, to have representatives of your Agency who might have business with other Directorates of the Air Staff to appear here first in order that we may assist them and recommend whom it is in the Air Staff that best could fulfill their need in the particular matter at hand.

3. In the case of [redacted] of your Graphic Materials Division, for whom is requested an operational contact in the Air Staff outside this Directorate, it is somewhat difficult to know whom it is he could most profitably contact because we aren't sure just what he requires. If he will come to Room 3E 168, to the Plans and Policy Branch of this Directorate, that Branch will ensure he gains access to the right individuals and Staff Agency to best accomplish the business he has in mind. There his welcome is assured.

25X1
