**STATUS OF YUGOSLAVIAN AIR FORCE
AIR ORDER-OF-BATTLE, LATE OCTOBER 1980 (S)**

1. (S/D) This report provides imagery-derived information on the status and disposition of aircraft at the 20 major military-associated airfields (Figure 1) in Yugoslavia. It also provides an updated status of the Yugoslavian air order-of-battle. Emphasis was placed on fighter and ground-support aircraft in order to show the most current deployments of FISHBED (Figure 2) and GALEB/JASTREB (Figure 3). These aircraft together form the backbone of the Yugoslavian Air Force. In addition, a large number of probably derelict aircraft including F-86, F84-G, and T-33 was observed. These aircraft are probably out of service.

2. (S/D) Air order-of-battle was derived from clear satellite imagery acquired through Information is provided in Table 1 and is keyed to Figure 1. Most of the airfields listed have hardened aircraft bunkers or hangars capable of housing aircraft.
