1. No QSL cards (receipts for radio contacts) have been received from Moscow by the Association of Swedish Radio Amateurs (SSA) since the end of the first quarter of 1951. SSA is still sending QSL cards to Moscow as the result of contacts established during the first quarter of the year, but has not raised the question of the cessation of flow of Soviet QSL cards. The SSA considers it probable that the Soviet authorities no longer feel that the exchange of these cards is desirable.
2. Soviet radio amateurs can be heard regularly on the air in Sweden at present.
