

13 December 1954

MEMORANDUM FOR MAJOR GENERAL JAMES CHRISTIANSEN

Following my talk of 8 December 1954 with General Clark, I have discussed with Governor Sherman Adams the question of clearance for Admiral Conolly as regards the covert side of our work.

I would appreciate it if you would inform General Clark that Governor Adams is in agreement that Admiral Conolly, in view of his assignment for the over-all coordination of the review of CIA's work, should have such access to the covert side as he may feel is essential to carry out this function.

I should be very glad to see that this is arranged and should welcome an opportunity to discuss the matter with Admiral Conolly at his convenience.
