Director
Federal Bureau of Investigation
U. S. Department of Justice
Washington 25, D. C.

Dear Mr. Hoover:

I am enclosing for your information a copy of a letter I am sending to Governor Sherman Adams, Special Assistant to the President. This letter presents the information concerning the list of names turned over to me by Governor Adams on 2 June 1955. You will note that this is the same list that has come up repeatedly in the past and which was also made available by General Clark to your Bureau.

In this letter I have given a narrative of this Agency's repeated effort to obtain definite allegations on these persons, and to resolve any security problems on employees who were subject to charges without allegations.

I am also sending a copy of this letter to the Attorney General, and wish to again express my desire that if in the opinion of the Department of Justice or of yourself, there are any unresolved points on any individuals, your Bureau will make an immediate and full investigation thereof. I also urge that any future allegations which may come to your attention on these persons, or, for that matter on any Agency employee, be subject to the same investigation.

This letter is written with the hope of fully disposing of this troublesome issue and I assure you that I have greatly appreciated in the past the continued close cooperation of the FBI in bringing to our attention allegations against employees and in investigating cases where action was required on either a security or a loyalty basis.

Faithfully yours,
