MEMORANDUM FOR: MEMBERS OF ICAPS

The Executive Secretary of the NSC is going to try to take, in one brief paragraph, the subjects from each chapter of the Dulles report and then ask the NSC if they approve of this concept. *idea*

Will you look through this report this morning to see if you can do any such thing with any particular chapters that pertain to CIA?

We hope to get the Executive Secretary's suggestions before the Director has to draft his reply, which they hope will be along similar lines. I shall be back at 11:00 o'clock or maybe before.
