1. Prior to receipt of reference Subject came to [   ] attention from the testimony of local Hungarian refugees (unidentified) who presumably reported him to the Bern Cantonal police as a Hungarian agent provocateur. He reportedly had attended a meeting of Hungarian resistance elements in Budapest before the revolt in 1956, after which everyone in attendance but he was arrested by the AVH. According [   ] Subject was living with his wife, Anna, and daughter, Anna, in a refugee reception center in a village on Lake Thun until 12 May 1961 when he moved to Basel where he currently has a job (nature unknown).

2. Bowman subsequently informed [   ] that Subject was unquestionably a Soviet or Hungarian espionage agent and recommended immediate surveillance. The [   ] have since alerted the [   ] Service in Basel to put Subject under full surveillance. They have not yet received a report from [   ] but anticipate one in the near future. We will forward a copy to Vienna Station on receipt.

3. Meanwhile could the summary attached to reference be passed in whole or in part to the [   ] FYI: The [   ] are usually impeccable in their observance of the third country rule and will not discuss KUBARK-originated material with other services.
