M/R

SUBJECT: Dr. Joachim DAUMLING

Subject, who now lives in BIELEFELD, Heeperstr. 304, quit his work for the Egyptians sometime prior to 1957. He returned to Germany and tried to pick up the threads of life. His Nazi and Egyptian past stood in his way. Only with the aid of leading members of the FDP was he able to get permission to practice law in N R W where he is now a "Justiziar" for a German firm. It is possible that he is still active intelligence-wise although [OWI] [ERSTEIN] doubts it. He has rejected all proposals for continued [IS] work with [UPSWING] or any other service. [Brits and French have also tried.]
