Operational/CART/CARAVEL

German Police Advisor for Afghanistan

1. Re our talk on 18 December 1956, we are sending you via   all traffic on this case at Bonn Base prior to April 1956. FRAN-7920 and FRAN-7341 are the basic communications which you may not have.
2. As you are already aware, there is this matter and the entirely separate one of the Afghan students. We did not and do not intend to offer CARAVEL's services on the students, since we have no reason to believe he has any capability whatsoever in this direction. However, the offer in EGNA-9061 is still open if the delay has not been so long that CARAVEL no longer is able to reestablish contact with the Afghan acquaintance. This he would clearly have to do before making the proposed pitch to UPSWING, otherwise he would be unable to explain why it suddenly occurred to him as a good idea after the lapse of about 8 months.
