Dear Mr. President:

This letter will serve to express my gratitude for your generous granting of time and counsel during my recent visit to Wiesbaden.

My understanding of the St. Cloud organization is much improved, and I hope to be able to develop some of the thoughts we shared. I will, of course, consult with you again before taking any definite steps.

I particularly want to thank you for the introduction to the KRONER. The white wine was up to my expectations, and as a "fin bec" I have long recognized the value of German white wines. What was surprising was the excellence of the red. I am including some clippings from the Washington newspapers on recent wine sales. You may find it interesting to note the comparisons between French and German wines, and the very competitive prices offered. As you will note, Washington is rather a fortunate place for "les fines geules."

Included below are my home address and telephone number. I would much appreciate learning in advance of your future visits to the States, and I would like very much to have you join me for dinner and a good bottle when you are next in Washington or New York.

In hopes of seeing you in the near future, I remain

Sincerely yours,
