1. I count on the money I get from you (meaning monthly \$300. salary) therefore would like you to send me this money by money order by the beginning of next week.

2. I presume you delayed our monthly meeting so that you could gather information on what went on at the meeting. I know that you have information on BAHAROFF and company and that he has been circulating around collecting signatures against me. That is the reason you were so reserved and asked me when the next Congress would be. Probably these boys informed you that my liquidation was imminent. You should have come to Niagra Falls to see in what situation they (BAHAROFF & company) were. How they did not have the honesty to support even one of their accusations against me. How they were forced to state that they would stop all activity against me; and how they did not even dare raise the question about a special convention. Their resolution was passed over without anybody paying any attention to it. They were left with only one way out, to appeal for unity and understanding so they could at least remain members of the organization. It is a moot question who subsidizes them to go from city to city. I have known them for a long time and that is why I don't draw them in to work for me. They are not people for constructive work. I think you know them from Greece and would not want to have the same unpleasantness all over again. I expect that they will hurry to give you some information either directly or through Dimitri CHALUKOV, (NOTE: This man has no connection with ZRNAUMLE; he was a Bug agent in the past in Europe) in a light favorable to them which will not correspond to the truth but it is a good thing we will meet later and you can compare it with what I tell you and convince yourself of the truth!

3. At the meeting at Niagara another important question was discussed. That was the question of the relationship between our organization here and a supreme leadership with a headquarters in Europe. It was pointed out clearly that we exist here according to our Constitution and by-laws, under special conditions and we do not receive and are not obliged to carry out directives from Europe. For us the only valid decisions are those taken by the Central Governing Council. They will, they say, request at the next Congress, that the Constitution be changed so that the organization becomes subordinate to directives from Europe. This must be on the advice of Khristo STATEV. This will not be accepted and it is probable that after this Congress everything will be so clarified that there will no longer be any difficulties in our joint work.

Bira - Will not send the money - will pay him when I see him 27 Oct 58 - [signature]
