UK Doctor Charges Torture by Chileans

The Pinochet government's expulsion of a British doctor arrested for allegedly assisting a wounded terrorist leader is likely to compound Chile's international problems.

Dr. Sheila Cassidy was in a prison camp for two months and says she was tortured by Chilean intelligence forces while under detention.

Dr. Cassidy's return to London will give her a chance to publicize her charges in Western Europe, where public opinion is receptive to denunciations of the military regime for its human rights violations.
