

HEADQUARTERS SEVENTH ARMY
G-2 STRATEGIC SERVICES SECTION
APO 758 US ARMY

16 February 1945

TO : Lt. Brown

I take this occasion to remind you of what we discussed the other day -- that Paul (the operator who was recently in Strasbourg) is to be parachuted into the region of Mannheim at the beginning of the week after next.

Will you please have ready for him the signal plan for his physical location, crystals and also two sets including spare parts and two batteries. These should be ready by Wednesday of next week so that this equipment can be sent down to Lyon and packed for departure.

HENRY B. HYDE
