1. Reference is made to your field report on Subject dated 24 April 1953, New York. The report states that Subject, using the name of SOUKHENKO, visited Canada in 1951-1952 and that, during his stay in Canada, he entered the United States frequently in order to contact Olga ~~KOLBASSINA~~, also known as Denise ~~AUBRY~~.

2. As we have little information on SOUKHOMLINE's family background, we would appreciate having you ask your sources if they can supply and/or otherwise clarify the following details:

- a. The full name of SOUKHOMLINE's mother.
- b. At what period Olga KOLBASSINA used the name of Denise AUBRY.
- c. The name of Olga KOLBASSINA's first husband. (It is assumed that KOLBASSINA's first husband was the father of her daughters, Olga and Nathalie, both of whom are reported to have been born on 16 August 1903, in Russia, which fact, if correct, would make them twins).
- d. Your report (referred to above) states that Olga ~~AUBRY~~ (presumably KOLBASSINA's daughter), is the "former" wife of Wadim ~~ANDREYEV~~. If this is so, is AUBRY her maiden name, an assumed name, or the name of her present husband? Has Wadim ANDREYEV remarried and, if so, what is the name of his present wife?
- e. Previous reports have referred to Nathalie ~~ANDREYEFF~~ (~~ANDREYEVA~~), who once was listed by SOUKHOMLINE as his "nearest relative", as the daughter of Olga and Wadim ANDREYEV. She is said to be married to an "American", and residing in France. What is the name of the American to whom she is married, and what is their address?
