National Intelligence Council

MEMORANDUM FOR: W. Allen Wallis, State
Norman A. Bailey, NSC
Lionel H. Olmer, Commerce
Richard Perle, Defense

FROM: 
National Intelligence Officer for Economics

SUBJECT: East-West Economic Initiatives

Attached are some personal thoughts on how our East-West economic initiatives are doing, and what we can reasonably expect will emerge from them. I have also attached: (1) some tentative conclusions that might come out of the NATO Study; and (2) a copy of a memo I sent to Tom Niles and others expressing my concern as to what I believe is the inadequacy of the agreed procedures for producing the NATO economic paper. There is some opposition within the State Department to pushing my suggestion, but I feel strongly about the matter.
