MEMORANDUM FOR MR. KOMER

SUBJECT: CIA's Political Reporting on Italy

I am truly disappointed in your arithmetic. You stated with some sadness that CIA's political reporting on Italy was doing it no good, because "95% of its disseminations had to do with the ideas or thinking of Segni or his immediate associates." All I can say is you must be reading these reports through 5% glasses.

A tabulation has been made of all such reports distributed to the White House and the NSC staff, during June and July. This breaks down as follows, with respect to the party or organization primarily reported on or from:

PSI	8
Fanfani and the Christian Democrat Left	3
Confindustria	3
Moro and Associates	2
Segni and Associates	2
Sovial Democrats	1
Over-all <input type="checkbox"/> Assessment	<u>2</u>
Total	21
