[ ] texts

1. This is to remind you of the arrangement made between you and Jeremy T. Nutting according to which you are to send us as soon as possible at least one, but preferably several texts of appeals to the armed forces (or statements on behalf of the Armed forces) which [ ] is to give to you and which we intend to use via SHERWOOD.

2. Please explain to [ ] (if you have not done so already) that you cannot assume any guarantee that his texts will be transmitted verbatim since the 'consejo' reserves the right to make certain changes either for tactical or for security reasons. On the other hand, you can assure him that we shall not alter the meaning of his texts or include into the texts statements which he has not made himself.
