INFO: PESUCCESS, Headquarters

KUGOWN Talent
SUBJECT of Reference Dispatch

REF: [] -569

1. Subject has been in contact with a KUBARK supported group in Mexico for some time past. The latter group wanted to send him to the Caracas Conference but he never got any further than your area. This failure to cover the Caracas Conference for his newspaper despite the fact that he had been provided with the necessary funds makes him appear to be somewhat unreliable, but we do not have any special derogatory information about him.

2. We have no objection against JUSTICE furnishing Subject with information material if he can do so without any special effort or expense. We advise you against sponsoring subject in any other direction -- at least, not until a more thorough investigation has been carried out. LINCOLN is not interested in using Subject for PESUCCESS purposes.
