KUGOWN - Operational
Cartoons for Independent Press

The attachments to this dispatch are photographs of cartoons which were drawn by an artist at LINCOLN. They are professional in quality and LINCOLN therefore believes that they should be placed in the independent newspapers. It suggests in particular that ". . . Caras vemos, pero. . ." be placed in El Espectador. If these cartoons cannot be used in this manner, please inform LINCOLN soonest in order that it may arrange for their release in other ways.
