Chief of Station, Guatemala

LINCOLN

KUGGWIN
Guatemalan Jokes

INFO: Chief, Western Hemisphere

In order to maintain an up to date file of all anti-Government or anti-Communist jokes current in Guatemala, LINCOLN requests that RAZWARA assign the ESSENCE project the task of submitting to him on a weekly basis the latest and most humorous jokes for use on KUGGWIN radio programs and in various publications. The emphasis is to be placed on the fact that jokes must be of a current nature so that they will be of interest when heard over the radio a few days later.
