WEEKLY KUFIRE OPERATIONAL REPORT
29 June through 5 July 1954 incl.

FT/11:

Station had no contact with ERRATIC during this period. ERRATIC was reported to have spent several days in [] attempting to obtain arms from [] JUVIA and JUVIA II survived the revolt without retaliatory action by ERRATIC. At this time ERRATIC's whereabouts or plans for the future are not known by Station.

FT/12:

The JUGATION net has not thus far submitted information indicative of the [] attitude to the outcome of PESUCCESS.

FT/13:

Local opinion is that Guatemalan Ambassador and Military Attache will be replaced by the JUNTA, JUGATION however, states the Ambassador refuses to resign. At the present there is no indication of any activity by its staff. A person who spent considerable time at the Embassy recently told JUGATION the First Secretary and identity of para 1 of [] 0910 are anti-Communist and the Ambassador is the only real Communist.

FT/14, 15, and 16:

No change.
