TELEPHONE MESSAGE FOR MR. DULLES FROM MR. WISNER

1:20 P. M.

I reached Holland and made the suggestion to him that if for whatever reason Calligeris should prove to be reluctant to attend the meeting that it might be worthwhile considering using Whitey to do the persuading. I pointed out that since Jack has been in direct dealings with the other principals and since he has been requested to do everything he can to reach Calligeris and persuade him to do certain things, that it would seem not unreasonable for Whitey to try to get in contact with Calligeris.

Mr. Holland reacted immediately in a favorable way. He said he thought this was a very good idea and that he would call Whitey right away.

He said he would report to us on his conversation with Whitey.
