Acting Chief of Station, Guatemala

LINCOLN

Operational  
Arms and ammunition storage

1. Before leaving Guatemala, RIGGS saw a request from Graham PAGE for a photograph of El Aceituno which was desired for the purpose of identifying a building used for storage of arms and ammunition. Such a photograph was not available at the Guatemala station at that time.

2. Attached is an aerial view (July 1953) taken from the files at LINCOLN. Any information PAGE can supply with regard to arms and ammunition storage will be appreciated.
