Intended Leaflet Drop

1. This is to inform you -- on a strict need-to-know basis -- that we intend to arrange an airdrop of the attached leaflet on/or about Wednesday 26 May.

2. Until the drop is actually carried out, you must guard this with complete secrecy. As soon as the drop has started, however, we suggest that Graham L. PAGE may show it to [] as additional proof of PAGE's close connection with the 'consejo'. For obvious reasons, there must be not the slightest hint to anybody about this plan beforehand -- since we cannot yet guarantee that it will be accomplished.
