KUGOWN
[]

REF [] -1261

1. This station greatly appreciates your large-scale effort aimed at our target country, as described in reference dispatch. We consider your handbill, especially its drawing, very effective and shall make an effort to have it reproduced by one of our outlets so that it might be brought to the attention of people in our target country.

2. Special thanks is rendered to Elmo R. LANGTRY for remaining with LINCOLN in spirit.
