9 June 1954

DECISIONS TAKEN AT PBSUCCESS
MEETING of 9 June 1954.

1. It is understood that LINCOLN will give prior notice to Headquarters of the proposed departure of any senior members of LINC Station to the field, indicating where they are going and for what purposes. (In this connection, LINC is to be advised which countries require the visa applicant to appear in person.)
2. Discussion was had of the latest Corcoran attacks against the Agency and his efforts to penetrate PBSUCCESS and bring pressures to bear, using only slightly veiled threats of stirring up trouble for CIA on the Hill. Messrs Barnes and [] were requested to pass the word down the line at LINC to the effect that no one should have any conversation with or pass any word to Corcoran without prior approval of DCI. This is the Agency line as a whole. (Messrs. [] and Barnes said that they know of no one at or connected with LINC who had had any contact with or passed any word to Corcoran.)
3. Cable is to be sent to [] in an effort to get [] (correspondent there) to write the Perez Asturias story.
4. After the 5:00 meeting with Mr. Dulles today, the problem of the additional radio operators, to be procured from General McClellan's shop, is to be re-examined.
5. A cable is to be sent to [] requesting that he cable Hqs at least a preliminary report of the [] / PEREZ JIMINEZ meeting. Hqs is planning to leak a story re this meeting and it is important that we get the information developed on this meeting.
6. The FOA plan to be handled with Mr. Wieland of USIA.
