Noted that a local collector has 50 inverted stamps. Wants to learn if CIA is investigating, and if we consider the acquisition illegal.

We do not confirm or deny internal investigations. Referred to Bureau of Engraving and Printing.

Is doing a follow-up to the stamp story. Asks:  
1) Will the stamps be returned to the Bureau of Printing and Engraving?  
2) What disciplinary action has been taken against the employees?

1) and 2) Cannot help.
