Major Arthur J Goldberg, AUS
Office of Strategic Services
Washington DC

Dear Arthur:

Many thanks for your thoughtful note of October 6. In retiring as Chief of the Labor Section, you can do so with the satisfaction and knowledge that you have made a valuable contribution to the SI effort both in Washington and in the field and I am glad to think that even after your return to civilian life, you will be available for counsel and advise.

I trust that when you do have occasion to pass through New York you will get in touch with me as I hope that our association of the past two and one-half years will be continued in the future.

Most sincerely,

John C Hughes
Chief - New York Area
