**Indonesia**

*It is therefore natural that Indonesia, as a country that has never possessed chemical weapons, seeks the early finalization of the ongoing negotiations on a CW convention.*

*Indonesian delegation to the CD  
4 February 1988, in Geneva*

We do not know whether Indonesia ever produced or weaponized CW agents. [Redacted]

[Redacted] Indonesia embarked on a program to develop an offensive CW capability in the mid-1970s. The program reportedly was cut back in the early 1980s and now concentrates on developing an effective defensive posture. [Redacted]
