-----

With reference to your E.126 of 9th February 1945 the twenty reels of film have now been packed in ten packages as this appears to me to be the most convenient size.

In addition I have a small package which will be included in this lot. It contains a bottle of pills which STARCH especially asked me to have made up and sent to him in the field. I should be grateful if you would forward this package to him as well.
