CREEP

Your letter D.715 of 13th November.

1. In order to give you a quick reference to the position of Creep stocks, we have made the following arrangement with 7408:
  - A. - Creep stocks at 7408's town awaiting despatch to the Field.
  - B. - Creep stocks at sea awaiting contact.
  - C. - Creep stocks delivered during the period under review.
2. On Friday of each week he will send us a telegram showing the position of the following categories of Creep stocks:
  - A. - Creep stocks at 7408's town awaiting despatch to the Field.
  - B. - Creep stocks at sea awaiting contact.
  - C. - Creep stocks delivered during the period under review.
3. This, I believe, will be a much more satisfactory method than that outlined in your D.715, as it is very difficult for us in this office to keep an exact record of the movements of the stocks once they have left here as they may be out at sea three or four times before they are eventually handed over to the contact boats.
4. 7408's telegram can be repeated to you if you are agreeable and it will be confirmed in a letter sent by bag which will also give you details of any local purchases we have made.
5. For your information, the Creep position on November 28th was as follows:
  - A. - Creep 29 items 6-14. Creep 36 items 15-20.
  - B. - Entire Creep Nos. 31, 33, 34, 35. Also Creep 29 items 1-5 and 15-24. Also /36/ 1-14 and Creep 30 less items 0.1, 2, 3, 4, 5, 11, 12, 13.
  - C. - Nil.
