APPROVED FOR RELEASE
DATE: JUL 2004
Memo No. 61.

From: 7404/7417.

12th February, 1945.

My telegram 522 of 10th February.

1. The following is a list of the stores we have received for 7466:

C.50/1-22 - General stores.
C.77/1-4 - S-phones.

2. These have been sent in via the Camel route and routed to 7466 via 7438. This, of course, is not very satisfactory, but it has been the best we could offer.

3. Obviously "drops" in Fyn are difficult and we may be called on to Creep more material to 7466.

4. It would be a great help if we could do this via you. Would you let me know approximately what you can handle? I appreciate that the connection can at the moment be regarded as of a purely casual nature, and H.Q. have been duly warned to this effect, but it would be valuable to know the size, volume and nature of material which you could handle for Fyn.
