APPROVED FOR RELEASE

Memo No. 50.

From: 7404/7417.

5th February, 1945.

Your Memo No. 434 of 3rd February.

1. I will try to let you have some news reels for BEAVER but, as you know, we are not keen on the idea of supplying individuals. We endeavour to send all material to the central distributing organisation - the Klippekontor. However, I will see what can be done to help BEAVER.

2. Thank you for the military intelligence concerning THISTED. Whenever possible give the source and the date, as these factors are the alpha and omega in estimating the value of any intelligence.

Memo No. 52.

From: 7404/7417.

Your Memo No. 433 of 3rd February.

I readily understand how difficult it is for you to give any accurate estimate of your monthly potentialities. On the whole, I feel it is safe to say that the D.H.T. can handle as much as it has been handling during the past three months. Accordingly I have telegraphed H.Q. to the effect that you can handle 200 bags a month. For your information, this is double what we can handle by the southern route.
